

Film or Event Query

The David Suzuki Foundation is a charitable organization which undertakes mission specific programmatic work, supported by individual donors and philanthropic foundations. We are not a private grant-giving foundation.

The DSF does not have the ability to financially support films, events or festivals.

If capacity allows, we can occasionally: promote relevant screenings or events via our social media channels, offer subject matter expertise, facilitate introductions, or arrange for one of our staff to speak at a panel or conference. You can also [request our booth](#) at your event.

**** Please note: Dr. David Suzuki cannot be contacted via the Foundation.**

Before answering the questions below, consider if your project or event is aligned with:

- The DSF vision: **“that within a generation, Canadians act on the understanding that we are all interconnected and interdependent with nature.”**
- One of our three priority goals: **biodiversity, climate solutions, or environmental rights.**

Please send a simple proposal with the information below to contact@davidsuzuki.org.

One-page maximum, bullet points encouraged, no photos required.

1. Name and Email address
2. Project or event title & description
3. Link to trailer or short clip, if applicable
4. Impact goal(s) & other outreach partners
5. Description of the type of support requested

Be mindful that DSF supports only a handful of projects per year across our three offices (Vancouver, Toronto & Montreal). If there is alignment and capacity, we will reach out for further details. We hold our review meetings monthly, so please allow us up to four weeks.

Thank you for your interest and important work!
