

## Proposal for Film Partnership

The David Suzuki Foundation is a charitable organization which undertakes mission specific work, supported by individual donors and philanthropic foundations. We are not a private or family grant-giving foundation.

We thus do not have the ability to support film projects or festivals as a paying sponsor. If capacity allows, we occasionally do: promote relevant screenings via our social media channels, offer subject matter expertise, or arrange for one of our staff to speak at a panel or event.

Before completing the request form below, consider if your project is aligned with:

- The DSF vision: *“that within a generation, Canadians act on the understanding that we are all interconnected and interdependent with nature.”*
- One of our three priority goals: **biodiversity, climate solutions, or environmental rights.**

**Please note: Dr. David Suzuki cannot be contacted via the Foundation.**

Please allow us four weeks to respond and be mindful that we support only a handful of projects per year across our three offices (Vancouver, Toronto & Montreal). If there is alignment and capacity, we will reach out for further details.

Thank you for your interest and important work!
